F O R E W O R D

In presenting this yearbook of 1949, to you, the administration and student body, it is our hope that you will enjoy it as much as we have enjoyed bringing it to you. The Junior Aggie Staff has spent many hours in preparing this book for you. Take it and preserve it, as a reminder of the happiness you have found here.

The college's qualified administration department, and its ever increasing student body, marks only the beginning of the position it will achieve among the outstanding college and universities of the nation.

Next year will begin to show many additions to the college. A boy's dormitory and plans for other improvements, show but a few of the many changes that will take place.

The staff and I ask only one thing of you, the student body. Keep up that ole AGGIE spirit and think of N. T. A. C. wherever you go.

Editor-In-Chief

DEDICATION

We take great pleasure in dedicating the Junior Aggie of 1949 to B. C. Barnes, Registrar. "Barney" Barnes, star salesman of NTAC, has convinced hundreds of prospective freshmen that an education at this institution is something worth having.

Progressive mayor of Arlington and efficient college administrator, gentleman and veteran, he has a genial personality salted with hard common sense. Students of NTAC, valuing and enjoying that personality, express the hope that he will have long years of future usefulness to the college he has served so ably in the past.

CHANCELLOR GIBB GILCHRIST

North Texas Agricultural College in the center of a vast metropolitan area has always done an outstanding job in education. Creation of our great system of colleges and services should enable this vital part of the System to go forward with seven-league boots. With an outstanding administrative setup, a faculty earnestly working toward our common objectives, and a student body equally interested in seeing them attained, the future is indeed bright. I am proud to be a part of this great System and to have the more intimate relationships with its operation which is provided by the present organization.

Congratulations to you and to your co-editors on this year's work. My best wishes are with you all.

GIBB GILCHRIST
Chancellor

I wish to congratulate the Annual Staff and the Student Body on the production of this year's JUNIOR AGGIE. The theme "Student Life" is at the very heart of the entire Institution. Life habits formed in college are based on previous experience and are the patterns for adult living. Any college that fails to provide adequately for its student activities is not fulfilling its mission.

North Texas Agricultural College has always been proud of its fine student body. This year has been one of the best, and I believe we are looking forward to a greater N. T. A. C.

President Hereford's inauguration

At the inauguration of President E. H. Hereford, there were many celebrities present, both civilian and military.

One of the outstanding guests was General Thomas Handy, head of the Fourth Army Area, who spoke at the inauguration.

This has been the second ceremony with such dignitaries present. The first occasion was when General Jonathan Wainwright came here to decorate Colonel Keltner.

THE CADET CORPS OF N. T. A. C. As it appears in the picture at the left, only one of the many parades it has participated in. The corps has been rated one of the outstanding units in the Fourth Army Area.

THE SAM HOUSTON RIFLES, a select group of cadets passing certain qualifications, has represented N. T. A. C. at several occasions. Here they are parading at the Tyler Rose Festival Parade.

THE RIFLE TEAM, another select group, has competed with junior and senior colleges throughout the Nation and has emerged victorious.

ATHLETICS

Although the Aggie football and basketball teams did not have victorious seasons they were teams that played every game to win and gave every game their very best. They were real Aggie teams, with real Aggie spirit and sportsmanship. They were teams that we could truly be proud of even in the face of defeat.

The football team finished its season by defeating the JTAC Plowboys at Stephenville and the basketball team likewise finished its season by defeating the Plowboys. This was the perfect finish for their seasons.

One picture is worth a thousand words, so in these few pages we bring you a pictorial review of the NTAC teams for the 1948-49 seasons.

WANDA NORWOOD

ATHLETICS

Assistant Coach Tinker, Head Coach J. C. "Klepto" Holmes, and Line Coach Burley Bearden.

NTAC Athletic Directors are J. G. "Klepto" Holmes, T. J. Tinker, and B. L. "Burley" Bearden.

Head football coach J. G. Holmes, graduated from Alamo Heights High School in San Antonio in 1921 and the next year entered NTAC. Here he was a football star until 1924. From NTAC he went to Texas A & M and graduated from there in 1927. In 1927 Coach Holmes was an All-Conference guard for A & M.

During his career Coach Holmes has coached at several high schools and was line coach at A & M for four years. He came to NTAC in 1935.

NTAC's basketball, track, and assistant football coach, T. J. Tinker received his coaching ability from experience with one of JTAC's teams, where he made a good record as a star, and at Texas A & M. Following his graduation from A & M in 1940, he came to NTAC to coach. He served here three years and then entered the Navy for three years. He resumed his duties at NTAC following his discharge from the Navy in 1945.

In the fall of 1946 Line Coach B. L. Bearden of Grand Prairie came to NTAC as assistant to Coach Holmes, after receiving his experience in football at Trinity University in San Antonio.

Coach Bearden came to NTAC following his discharge from the Army. Before entering the Army he coached at Grand Prairie.

PERSONALITIES

PERSONALITIES

This year, as in the past years, the Coronation is the most important event of the social calendar. The King and Queen, and their courts are elected by popular election of the North Texas Agricultural College student body, and they represent the leading all-round students of the school. Visiting royalty from the surrounding colleges and high schools are presented during the coronation. Representatives of all clubs, Who's Who and their dates and escorts are also summoned to the court. Following the coronation, a ball is given for the Royalty, with the King and Queen having the first dance. This event has ben proved the most popular occasion of the school season.

Favorites, who are also elected by the student body, this year consist of six boys and six girls. This is the first time there has been an election of this kind; it has been very successful.

Sweethearts are chosen by the club or organization which they represent. The girls selected for this honor are good examples of the many beauties at N.T.A.C.

ORGANIZATIONS

ORGANIZATIONS

It is the purpose of the clubs at N.T.A.C. to give the students the feeling of self-government which they will need upon leaving college.

The clubs supply the students with social recreation and entertainment as well as scholastic training.

Some of these clubs are sponsored by the different departments and help provide something a little higher scholastically as well as socially. The other clubs are purely social, for the purpose of bringing the students closer together and providing a common meeting ground for students who have the same interests.

Through the clubs at N.T.A.C., social and professional acquaintances are made which often extend beyond college days, into the business and social world.

The following pages give phases of the college club life that helped us enjoy N.T.A.C. so much.

THE 1949 JUNIOR AGGIE

This book, the JUNIOR AGGIE of 1949, is the finished efforts of the annual staff to present to the student body a new and larger book displaying student and faculty activity to a greater degree.

We wish to thank the faculty and administration for their encouragement and cooperation, and also to extend our thanks to Mr. J. D. Bryant, sponsor, and Mr. Norton McGiffin, who have guided us in our work this past year.

Mr. Evans, printer; Micheal Studios, and Mr. Jess Harwell and Mr. Bill Murphree, our engravers, also deserve thanks for their excellent work and never ceasing understanding.

Our work will have been completed if this book brings as much enjoyment to you as it has to we, who have edited it for you.

The Baptist Student Center of N.T.A.C. was organized in the fall of 1947. The purpose of this organization is to provide opportunities for both the spiritual and social development. Regular Bible courses, daily noon devotional services, and various forms of entertainment, are only a few of the activities offered by the B.S.U.

The main social activities of the year were a ranch party and the formal spring banquet.

THIS IS AMERICA

This is freedom—many religions, many races, living in harmony together. For freedom is more than a way of life. It is a state of spirit—and our richest asset.

Under freedom of religion, Americans attend more churches than any other nation.

Under freedom of speech, we have more newspapers, more radio stations than any country in the world. Under freedom of opportunity, our children attend more schools, have more chances to success in life.

We are only 7% of the world's people, living on 6% of the world's land. Yet we who live in America have the highest standard of living the world has ever known.

Under freedom of enterprise—you may call it Democracy, or Capitalism—we make just about one-third of the world's goods, mostly for our own use. We drive three-fourths of the world's autos, use about half the world's electricity. Our homes are unrivaled for comfort and labor-saving devices. We eat more meat, buy more clothes, see more shows, own more insurance. We even save more money.

Yes, freedom pays—in the coin of tolerance and understanding, and in the coin of progress and prosperity.
